Indicate 597 on inquiry card or click "e-inquiry" at www.farm-equipment.com

BEFCO CORE AERATORS

- For tractors up to 50 hp
- Spoon space of 6.5 in.
- Two bronze bushings per rotor
- Special high-tensile steel shafts on the rotors

Indicate 598 on inquiry card or click "e-inquiry" at www.farm-equipment.com

CARONI MULTIPLE MULTI-CUT GRASS MOWER

- Available in 12 front and rear models
- Mowers work independently, following the profile of the ground with an even and precise cut
- Multicut machines reduce the number of passes, the operating times, labor costs, consumption and pollution by the tractor

Indicate 599 on inquiry card or click "e-inquiry" at www.farm-equipment.com

SCHULTE FX742 ROTARY CUTTER

- Largest rotary cutter in the world at 42 ft. wide
- 5-plex unit makes it easily transportable at 9.8 ft. wide
- Available with stump jumpers for pasture and grass maintenance or with fixed knife mulching blades for mulching crop residue like straw, corn or cotton stalks
- Designed for use with 250-hp PTO and higher tractors

Indicate 600 on inquiry card or click "e-inquiry" at www.farm-equipment.com

DEGELMAN REV 1500 15-FT. ROTARY CUTTER

- Dome-shaped deck maximizes cutting volume and smooth top surface easily sheds debris to prevent weed transfer from one location to another
- Heavy-duty blade carriers
- Heavy-duty mounting plate with reinforced hub for extra cutting momentum and blades are mounted utilizing a square and tapered bolt design
- Over-sized gearbox with automotive spiral gears and industrial split case design built to maximize life expectancy

Indicate 601 on inquiry card or click "e-inquiry" at www.farm-equipment.com
